- Next Tuesday we will shift into the computer lab, but we’ll meet in this room and go from there.
Next topic: Talks

Verbal presentations are an integral part of many astronomy-oriented careers. What are the features of a good talk?

Everyone will be required to present a 10-15 minute talk based on the topic of the review paper. These talks will be presented March 4- March 11 (sign up for your date today)
Beyond JWST: The Next Steps in UV-Optical-NIR Space Astronomy
